Relevant Experience

Engineer @ CMIND

August 2021 - Present // Remote

- ▶ Write modern, performant, and robust code for a diverse array of client and internal projects
- ▶ Work with a variety of different languages, frameworks, and content management systems such as JavaScript, TypeScript, React, NativeScript, Node.js, Craft, Prismic, etc.
- ▶ Communicate and collaborate with multi-disciplinary teams of engineers, designers, producers, clients, and stakeholders on a daily basis

Studio Developer @ TheTX Studio

Jan - April 2018 // Dallas, Texas

- ▶ Worked with a team of three designers to build a marketing website and e-commerce platform for blistabloc, an ambitious venture originating from Northeastern
- ▶ Helped solidify a brand direction for blistabloc to span across print, packaging, and web
- ▶ Interfaced with clients on a weekly basis, providing technological expertise and knowledge

UI Engineer Co-op @ Namma

July - Dec 2020 // Remote

- ▶ Namma's vision is to make borrowing from your network and investing in your network easy and a viable
- ▶ Built and shipped the Namma Extension within Facebook Messenger leveraging third-party and internal APIs
- ▶ Architected and implemented the front-end of Namma's embeddable web player widget, which lets users log in and listen to full songs in the browser
- ▶ Contributed extensively to MusicKit.js, a JavaScript framework that allows developers to add an Namma player to their web apps

Full Stack Developer @ TeammateMe

Jan - August 2020 // Remote

- ▶ Collaborated with a small team of student designers to spearhead a new brand and design system for Scout's inaugural student-led design conference at Northeastern
- ▶ Worked closely with designers and management team to develop, document, and manage the conference's marketing website using Jekyll, Sass, and JavaScript

Computer Technician @ Mastertronics

Oct 2019 - Mar 2020 // Boston, MA

- ▶ Engineered and maintained major features of Mastertronics's customer-facing web app using ES6, Handlebars, Backbone, Marionette, and CSS
- ▶ Proposed and implemented scalable solutions to issues identified with cloud services and applications responsible for communicating with Mastertronics Station
- ▶ Interfaced with user experience designers and other developers to ensure thoughtful and coherent user experiences across Starry's iOS and Android mobile apps

Waiter @ BFF

July - Dec 2017 // Arlington, TX

- ▶ Greeting guests and taking drink and food orders
- ▶ Staying attentive to the needs of guests in the dining area
- ▶ Delivering food from the kitchen to the guests
- ▶ Ensuring the food order is made correctly by kitchen staff and looks presentable for guests
